Subject index

A

Abdominal pressure, raised, assessment/management, 175
AIDS patients, rural critical care nurses' willingness to care for, 181
Aneurysm, ventricular, X-ray, 269
Audit commission and data collection in critical care, 63
Australia
  developing speciality knowledge, 13
  staffing in intensive care, 228

B

Body image descriptions, older patients, 304
Brain-dead patients, nurse specialists and families of, 45
Brain tumours, temozolomide, 59
Bupropion, 266

C

Cancer, brain, temozolomide, 59
Cardiology, *see* Cardiomyopathy; Heart
Cardiomyopathy, ischaemic, X-ray, 407
Carers
  intensive care nurses' experiences of caring, 76, 151
  opinions and emotional responses concerning rehabilitation after cardiac surgery, 66
Chemotherapy, brain tumour, new drug, 59
Chest pain radiation as indicator of acute MI, 98
Chest X-ray quiz, 57, 121, 199, 269, 333, 407
Children
  ICU course (ENB 415) review, 3
  intracranial pressure management, 319
  palivizumab in respiratory illness prevention, 123
Clinical supervision, 51
Collaboration, nurse–doctor, 127
Communication in nursing handover, 373
Competition and nurse–doctor relationships, 127
Conflicts, nurse–doctor, 127
Congenital heart disease, X-ray, 121
Consultant, nurse, 61
Courses in critical care, ENB, *see* ENB 100 and 415 critical care courses
Cyclo-oxygenase-2 selective inhibitors, 201
Cytotoxic drug for brain tumour, new, 59

D

Decision-making, 111
Decompression, abdominal, 175
Department of Health review of adult critical care services, 205
Dexmedetomidine, postoperative, 328
Diagnoses, nursing, ICN scoring system and classification of, 345
Discharge (from intensive care)
  post-cardiac surgery, telephone follow-up after, 144
  to ward, 135
Doctor–nurse relationships, 127
Drug therapy review, 59, 123, 201, 266, 328, 403

E

Education in intensive care nursing
  21st century, 221
  ENB 100/145 courses, *see* ENB 100 and 415 critical care courses
  evidence in, 164
Elderly, body image descriptions, 304
ENB 100 and 415 critical care courses, 207
  review, 3
Endotracheal intubation, *see* Intubation
Europe, second WHO Ministerial Conference on Nursing and Midwifery in, Munich Declaration, 205, 207
Evidence in critical care education and practice, 164
Expert nurses' use of pulmonary artery pressure monitoring, 209

F

Families (incl. partners/relatives)
  of brain-dead patients, nurse specialists and, 45
  cardiac surgery recovery and reactions of, 66
  of myocardial infarction patient in rehabilitation, experiences, 256
  patients' experiences of presence and visits, 384

G

Great vessels, transposition, X-ray, 121

H

Haemodynamic workshop, 33, 84
Handover, communication in, 373
Head injury, children, ICP management, 319
Health-related quality of life, 88
Heart attack, *see* Myocardial infarction
Heart disease, congenital, X-ray, 121
Heart failure, spironolactone, 403
Heart surgery
  carers opinions and emotional responses concerning rehabilitation after, 66
  telephone follow-up after, 144
Hepatic transplant failure, palliative care, 396
High-dependency unit and quality of life, 18
HIV disease, rural critical care nurses' willingness to care for people with, 181

© 2000 Harcourt Publishers Ltd

Hong Kong patients' experiences of postoperative intensive care, 290

I

Infection, respiratory, palivizumab in paediatric prevention, 123
Intensive Care Nursing Scoring System, classification of nursing diagnoses, 345
Intracranial pressure management, children, 319
Intubation, endotracheal
  oral hygiene of orally intubated patient, 367
  suctioning standards, 191
  X-ray, 199
Intuition, 310
Ischaemic cardiomyopathy, X-ray, 407

J

Journalling, professional, 111

L

Liver transplant failure, palliative care, 396
Lung, atelactasis or hypoventilation, X-ray, 199

M

Malignancy, brain, temozolomide, 59
Methicillin-resistant *S. aureus*, 357
Monoclonal antibody to RSV in paediatric infection prophylaxis, 123
Munich Declaration, 205, 207
Myocardial infarction
  complication, X-ray, 269
  middle-aged women, patient/partner narrations during rehabilitation, 256
  patients' symptoms report as indicators of, 98

N

Neoplasms, brain, temozolomide, 59
Non-steroidal anti-inflammatory drugs, new generation, 201
Nurse consultant, 61
Nurse–doctor relationships, 127
Nurse–researcher, 111
Nurse specialist and families of brain-dead patients, 45
Nutritional support, standardization, 283

O

Older patients, body image descriptions, 304
Oral hygiene, oral intubated patient, 367
Oxygen delivery, optimizing, 33, 84

P

Paediatrics, *see* Children
Pain
  assessment, clinical competence, 273
  radiation, as indicator of acute MI, 98
Palivizumab in respiratory illness prevention in children, 123
Palliative care, failed liver transplant, 396
Partners, *see* Families
Pneumopericardium, X-ray, 57
Pneumothorax, X-ray, 334
Policy into practice gap, 1, 63
Polypropylene mesh for abdominal decompression, 175
Professional regulation, 271
Pulmonary artery pressure monitoring, expert nurses' use, 209

Q

Quality of life
  health-related, 88
  high-dependency units and, 18

R

Radiograph, chest, quiz, 57, 121, 199, 269, 333, 407
RCN Critical Care Forum, news and issues, 129, 337
Reflective practice, 51
Regulation, professional, 271
Relationships, nurse–doctor, 127
Relatives, *see* Families
Relocation stress after discharge from intensive care, 135
Research in ICU: the inside nurse–researcher, 111
Respiratory syncytial virus infection in children, palivizumab prophylaxis, 123
Rofecoxib, 201
Royal College of Nursing Critical Care Forum, news and issues, 129, 337
RSV infection in children, palivizumab prophylaxis, 123
Rural critical care nurses' willingness to care for AIDS patients, 181

S

Scoring system, ICN, classification of nursing diagnoses, 345
Sedative, novel postoperative, 328
Smoking cessation, drug, 266
Specialist nurses and families of brain-dead patients, 45
Speciality knowledge, development in Australia, 13
Spironolactone in heart failure, 403
Staffing in intensive care, overseas, 228
Staphylococcus aureus, methicillin-resistant, 357
Stress, relocation, after discharge from intensive care, 135
Suctioning standards in endotracheal intubation, 191, 269
